Expertise

- ❖ Programming
  - python, java, c, c#
- ❖ Web Development
  - html, css, java script
- ❖ Android Mobile App
  - Flutter Dart
- ❖ UI/UX Design
  - Figma
- ❖ Software Testing
  - Selenium, IDEA, Postman

SOFT SKILLS

- Problem Solving
- Creativity
- Leadership
- Time Management
- Team Collaboration

Language

- English
- Sinhala

Projects

- **Flower Shopping Application (Individual)**   2025
  Tools : Flutter dart

  Flower Bee is a beautifully crafted mobile app for browsing and buying fresh flowers. Developed using Flutter and Dart, it offers a smooth, user-friendly shopping experience with a modern and responsive design

- **Gamming Website (Individual)**   2025
  Tools : Vs-Code

  This gaming website provides an interactive platform for browsing and playing games, with a focus on user engagement. The UI was designed in Figma and developed using HTML, CSS, JavaScript, and SQL for dynamic and responsive functionality.

- **Pharmacy Application (Group)**   2024
  Tools : Figma - ui/ux

  I contributed to the Medicare Pharmacy app as a UI/UX designer, crafting clean and intuitive interfaces using Figma. My design work focused on enhancing the user experience for browsing, ordering, and managing medications efficiently

Education

- **Bsc(Hons) in Software Engineering**   2022-2026
  NSBM Green University

- **G.C.E. Advanced Level (Art Stream)**   2022
  Sri Sumangala Balika Maha Vidyalaya, Kaluthara

- **G.C.E. Ordinary Level**   2018
  Alubomulla S Mahinda Maha Vidyalaya, Kaluthara

Volunteering

- **The Secretary Sub-committee Member**   2025
  IEEE Student Branch of NSBM

- **The Designing Sub-committee member**   2025
  ISACA Student Branch of NSBM

- **Event Organizing Committee**   2025
  STEMUP Educational Foundation in Sri Lanka
